2<sup>ND</sup> BAROQUE TOURNAMENT: COLOGNE 2013

On the 13th July, hundreds of enthusiasts enjoyed a new edition of the Baroque Equestrian Tournament held in the German city of Cologne. This Fair, which offered a broad program of competitions and Shows, was organized by the Cologne Equestrian Association (Kölner Reit - und Fahrverein e. V.) in collaboration with the German PRE Breeders' Association (AACCPRE), whose main office is in Düsseldorf. AACCPRE had a PRE promotional stand and sponsored five Dressage tests, with ample participation of PRE Horses, in addition to Lusitanos and Dutch Warm-

bloods. The tests included class A, followed by Kür A, class L, class Kür L and the second top discipline, the class Kür M.

Following the events, six horses for sale were presented to the interested public.

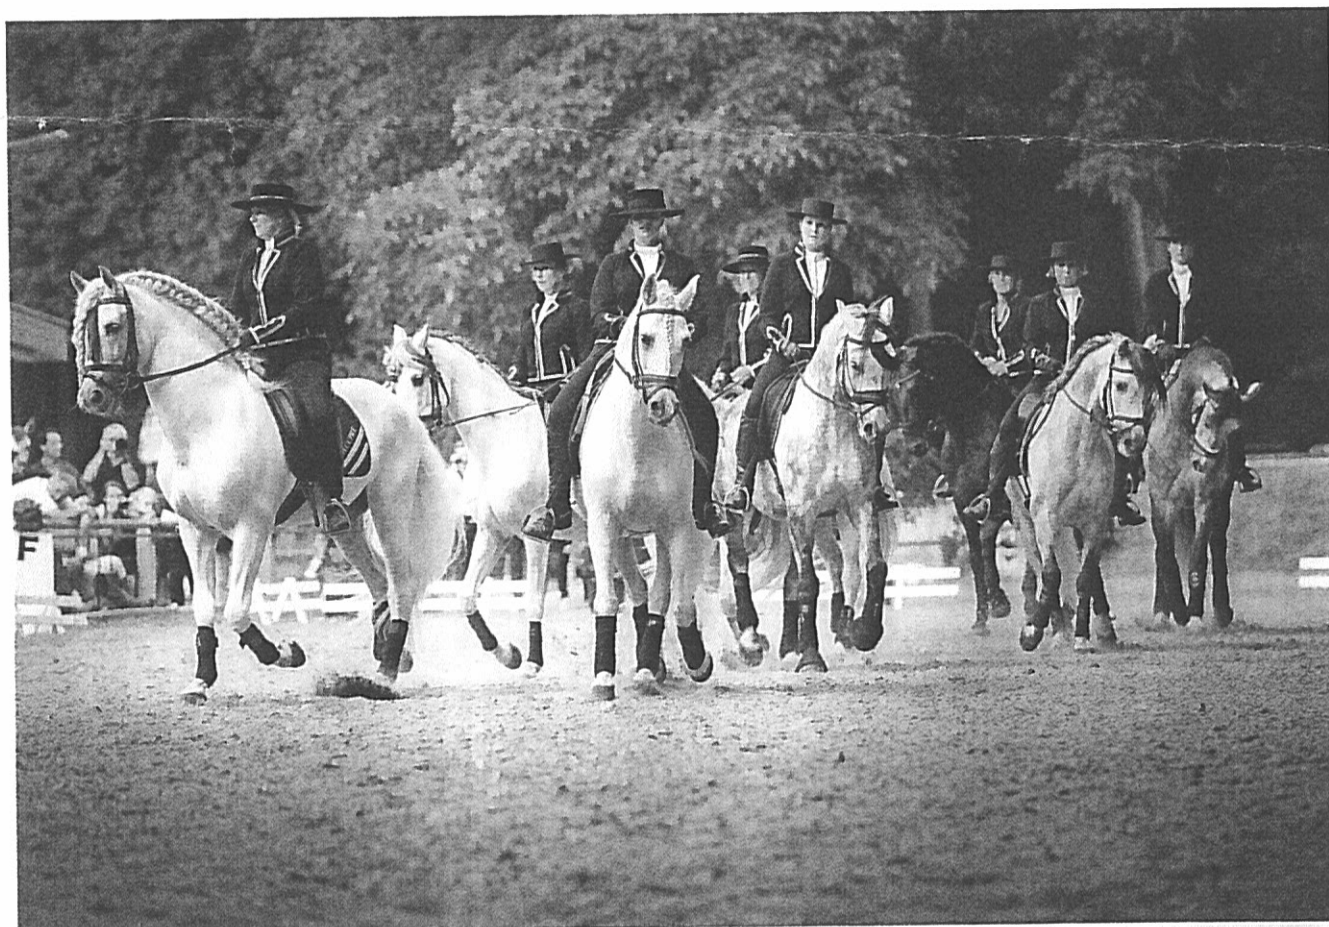

In the afternoon, some 600 spectators enjoyed a broad program of Shows, with the best horses and riders, including Rabea Schmale, Nea Lahr, Kerstin de Vries and Oswald Hübsch, who demonstrated their extraordinary skills adorned with typical regional suits.

The great performance of the AACCPRE side-saddle team is worthy of highlight. This team

is composed of eight horses and riders who were officially presented in March of 2013 during the last Equitana Equestrian Fair.

There was no lack of Spanish food and wine. Typical specialties were served, such as paella, tapas, Spanish (potato) omelets, etc.

From here, both the Cologne Equestrian Association and the president of ACCPRE, Horst Seyfried, would like to thank riders, breeders, enthusiasts and all those who made this second edition of the 2013 Cologne Baroque tournament possible, for their participation.
